NATIONAL LEAGUE

ROBINS INCREASE LEAD.

New Five Full Games After 2 of Cincinnati, Newark, N. J.

New York, Sept. 13. — The Brooklyn team of the National League, by its double victory over the Chicago Cubs today, increased its lead in the pennant race to five full games over Cincinnati and New York. The Giants defeated St. Louis, and Cincinnati dropped a game to Philadelphia, these results placing the two teams at a tie as far as games are concerned, but giving the world's champions an advantage of two percentage points over McGraw's team. The five-game lead of the Robins gives them an advantage of 32 points over the Reds and 34 points over the Giants.

All three leaders in the American league won their games today, so there is no change in their relative positions.

Brooklyn has not yet clinched the pennant in the National League, but the comfortable lead of Manager Robinson's players will enable them to take things a little easier for the remainder of the season unless the Reds and Giants start a winning streak.

DULLNESS MARKS DAY ON STOCK EXCHANGE

Observance of Jewish Holiday Accounts for Smaller Dealings — Gold Imports Increase

New York, Sept. 13. — Dullness and an uncertain movement of prices were the salient characteristics of today's stock market, observance of the Jewish holiday accounting largely for the smaller dealings.

The stronger reserve showing of the Federal Reserve and clearing house banks impelled some short covering at the outset, when part of last Saturday's losses were returned. In the main, however, declines prevailed among leaders of the industrial and specialty groups.

Recent anomalous conditions in the market for foreign exchange continued, remittances to London, Paris and other international centers recording further declines. A new low rate of 12½% for demand sterling was established in the course of the session. Gold imports assumed more impressive dimensions, some \$4,000,000 being received for the French account, with an additional \$2,800,000 from South Africa via London. From this last source, the inflow so far on the current movement approximates \$50,000,000.

Domestic monetary conditions were the object of more than ordinary solicitude because of the heavy payments to be made during the mid-week for federal income and excess profits taxes by many large industrial companies, as well as individuals. This prospective drain was without material effect on money rates, all of the day's call loans being made at seven per cent. Very little time money was obtainable at eight and one-half to eight and three-fourths per cent, for 60 and 90 days, no over-year loans being reported.

There was fairly active trading in the new French 5's, which made the new record of 103½, reacting later to 101. Liberty issues again lost ground, but the general domestic list was steady. Old United States 7's and 4's rose one-fourth per cent on call.

Too Much Appetite may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. HEL-LO-o-o-o PETE:

In two more shakes of a lamb's tail I'd have been between the sheets—but I got taken with another large idea for Camel Cigarettes ads that's so bright you can phone 'em to cut the current because you just had your lamps lit!

Tell you, it's a whale of a stunt! Everybody right—hat and hats off! NOW—far as I know or ever heard, there never has been one of those zippy slogans under that big display name "Camel". I'VE GOT ONE—get me? Put both your ears close to the ground and get the rumble of a broadside like this:

Camel
Once it meant an animal—
now a Cigarette!

Wow, Pete! I'll testify that's a stoneless peach! Spread it like I've denied it in here—and you're uncorked an eye! Suppose you'll want to call me old Mr. Hammer because I hit the nail on the head!

And, bet real money that if this slogan stuff keeps me awake the rest of the night, I'll wire and offer it to R. J. Reynolds Tobacco Co. before you hit the deck! And, I'll be spending some of the proceeds for moon eyes! In the "lang-wage" of Jigger Jones of Ionian, "you tell 'em old yacht, you've got the sales spirit!"

Blowing out of St. Louis at 10.12 tomorrow with a bundle of business. Off for Ohio. Go something on me mind!

Till I get it off—

day afternoon, when a second continuous storm remained with us till an early hour this morning. At 7 o'clock Sunday evening, the Southern New York sub-station at the corner of Chestnut and Walnut streets, Cooperstown, was put out of commission, leaving the village in darkness. The company sent at once to Schenectady for machinery to repair the plant. It is probable that the lights will be in operation Wednesday.

The storm caused the crippling of the telephone system for a time, wires being down in many places.

Cuban Giants Defeated.

Baseball Fund Swelled.

There were 420 persons present at the ball game Saturday, the receipts going to the purchase price of Double-day field.

The street fair began early and was a great success despite the heavy downpour of rain. The proceeds as yet cannot be given as not all are in the hands of the committee.

HARTWICK MAN DROPS DEAD.

Herbert I. Risley Expires Suddenly of Heart Disease on Monday.

Hartwick, Sept. 13. — Herbert I. Risley, a well-known resident of this village, dropped dead on Main street at about 2 o'clock this afternoon. Mr. Risley, who was a truckman of the village, was passing along Main street and when in front of the Backus hardware store stopped his horses and fell over backward in the wagon box. When help reached him he was dead. Dr. Schoelkopf was at once summoned and stated that death was caused by heart disease, of which he had for the past year suffered.

The funeral, which will be private, will be held at his late home on South street. Rev. J. A. Dillon of the Christian church will officiate and interment will be in the village cemetery. Friends desiring to pay their respects may do so between the hours of 10 a. m. and 12 m. on Wednesday.

Mr. Risley was born 67 years ago in Richmond and was a son of Elisha Risley of that township. He had lived for 25 years in this village and by occupation was a farmer until about seven years ago, when he engaged in trucking. He was a good citizen and well known figure in this village. He will be greatly missed by his many friends. Surviving are his wife and three sons, William H. and George Risley, all of this place; also one sister, Mrs. William Risley of Brooklyn.

Lecture Course for Hartwick.

Five public-spirited citizens, Dr. H. W. Backus, S. S. Backus, O. W. Murdoch, W. C. Wells and J. A. Andrus, have arranged for an entertainment course to be given in this village during the coming fall and winter. The course is booked through the Royal Lyceum course of Syracuse and consists of four numbers, as follows: Oct. 5—National Male Quartet. Nov. 23—The Lansing Duo. Dec. 6—The Emerson Trio. Mar. 3—Winslow Concert company. Each of the companies will be accompanied by a reader. Tickets at a moderate price will soon be on sale and it is believed that a liberal patronage will be accorded.

BASEBALL AT MILFORD.

Cooperstown and Milford High School Teams Cross Bats Wednesday.

Milford, Sept. 13. — Owing to the fact that the Cuban Giants played at Cooperstown Saturday, the game that was scheduled between the Milford High school and the Cooperstown High school teams was postponed until Wednesday of this week. The game will be called at Wilber park at 4 o'clock, standard time.

Farm Sale.

Marvin Cook sold his farm about one-fourth mile from this village on the Crumhorn road last week to E. C. Pedersen of West Laurens. The farm consists of about 100 acres. Possession given October 1st.

Funeral of Mrs. J. E. Smith

The funeral services for the late Mrs. J. E. Smith were held Saturday afternoon at her late home on East Main street and the house was filled with relatives, neighbors and friends. Rev. N. B. Ripley, pastor of the Methodist Episcopal church, officiated, and his sermon and talk were consoling to the bereaved family. He paid a fitting tribute to the life of the deceased. The display of flowers was as beautiful as it was large, showing the esteem in which she was held by all. The body was interred in the family plot in the Milford cemetery.

In New York.

Dr. and Mrs. W. R. Secher and son, G. Carl, and Mr. and Mrs. George Mumford departed Sunday by automobile for New York city, where Carl will resume his studies at a physical culture school.

Mr. and Mrs. G. D. Culver and daughter, Miss Dorothy, left Friday for New York to spend a few days. Mrs. Culver will purchase her line of fall and winter millinery at this time.

PRIMARY DAY.

Today being primary election day, it is perhaps not amiss again to call attention to the responsibility which under the provisions of the election law of the state devolve upon the enrolled voter. Formerly, candidates being named at party caucuses, and the attendance thereat being in general small, the average voter believed that responsibility began and ended at the polls in November. The voter now is responsible not merely for the election of the candidate but for his selection. Not merely is it incumbent to get out on general election day but to aid in the choosing of candidates then to be voted for.

The polls, as previously stated, open at 7 o'clock this morning and close at 9 o'clock tonight. Every duly enrolled Democrat, Republican, Prohibitionist and Socialist is entitled to vote in the party with which a year ago he or she enrolled. There are responsibilities to be faced today in both the old parties, though the greater number of contests are in the Republican, and the enrolled voter should not shrink this first of political responsibilities of the season.

FIGHTING A PEST.

Appropos of the corn borer, a pest within recent years introduced from Europe and which has made some progress in circumscribed areas, one of them in Schoharie county and another in Montgomery and Schoenectady, the United States department of agriculture states that Dr. L. O. Howard of the bureau of entomology has lately returned from abroad after a careful study of the situation and recommends that the natural parasites of the borer be brought to America to aid in the fight. It appears that, though the pest is prevalent in Europe, it does no great harm because the enemies of the worm are adequate numerically to keep it in check.

The spread of the borer has been very slow in the United States. It has been in the country ten years and is still practically confined to the areas where it first was noticed. The natural enemies, therefore, might make short shift of the borer if introduced.

Still, it has been suggested that new forms of animal life, even if small and parasitic, should be introduced in any country with great caution since owing in many cases to adaptability to changed environment they might, the natural foods being exhausted, do great damage in unsuspected directions. A familiar example is the Asiatic mongoose, which at home lives entirely on snakes. Brought from India to Jamaica, to exterminate the snakes there, it did its work effectively but later, when the snakes were gone, turned to poultry, birds and game with disastrous results.

COUNTY COURT ADJOURNS.

Will Not Resume Until Tomorrow, Today Being Primary Day.

Cooperstown, Sept. 13. — County court convened this morning with Judge T. G. Welch presiding, but owing to the fact that in issuing the call to the jury primary day had not been taken into consideration, court was adjourned until Wednesday morning. As many of the jurymen as possible were notified of the postponement early today, but the few that did come to the court house returned to their homes immediately. If court were in session tomorrow, the jurymen would be deprived of their votes, as they would be away from their homes.

During the short time that court was in session, a few motions on the civil side of the calendar were taken up, but nothing further will be done until Wednesday morning.

Attending Grand Army Gatherings.
Mr. and Mrs. George W. Rowell of this city leave Thursday for Indianapolis, Ind., where they will attend the National Encampment of the Grand Army of the Republic, which convenes on Monday and continues for the week.

C. J. Westcott leaves tomorrow for Antietam, Va., where as a representative of the 121st New York Volunteers, which was one of the regiments participating in the battle, he will attend the dedication of the New York state soldiers' monument on the Antietam battle field.

Real Estate Transfers.

Among recent real estate sales was the purchase of the Capt. R. C. Johnson house on Clinton avenue by E. F. Pidgeon, who will occupy the same as a residence. Floyd Gor or has purchased the home of A. J. Crocker at 36 River street and will move there about October 1st. Mr. Crocker will occupy the house vacated by Mr. Gor. These sales were made through the Klinghage & Collier real estate agency.

Had No Horke Vio.

In an article headed "Concerning Horke Vio," which appeared in these columns yesterday, it was stated that a quantity of this "medicine" was returned to I. E. Osterhout. Mr. Osterhout had none of this beverage in his possession, and consequently had none to be returned.

THE VOTERS OF ONEONTA

Where Enrolled Members of Parties Cast Ballots in City Today—Principal Controlled Nominations.

The polls for the primary election in the state of New York open at 7 o'clock this morning and close at 9 o'clock this evening. Voters will note the fact that at the opening and closing time of the election is according to the "Daylight" setting, or state time, not in any instance according to standard time.

In the city of Oneonta, the places where the properly enrolled voters may cast their ballots are as follows:

First ward, 1st district—Municipal building, 219 Main street.

First ward, 2nd district—Stone's barn, 395 Main street.

Second ward, 1st district—Walsh's barn, 14 Maple street.

Second ward, 2nd district—Ford's barn, 353 Main street.

Third ward, 1st district—Hendrick's barn, 59 Dietz street.

Third ward, 2nd district—Tarbox's barn, 18 Ford avenue.

Fourth ward, 1st district—Weigbt's barn, 53 Dietz street.

Fourth ward, 2nd district—Spencer's barn, 7 Cherry street.

Fifth ward, 1st district—Powell's barn, 89 Chestnut street.

Fifth ward, 2nd district—Chestnut street school, 230 Chestnut street.

Sixth ward, 1st district—Moshers' paint shop, Mosher avenue.

Sixth ward, 2nd district—Hu's barn, 49 London avenue.

Particular attention is called to the fact that in each ward the Republicans, Socialists and Prohibitionists of both first and second districts vote at the place specified for the first district, and that the Democratic electors in both districts of the ward of which they are residents will vote at the polling place designated for the second district.

While there is only one nomination that for United States senator, for which there is more than one Democratic candidate, there is more than one candidate for nearly every state position on the Republican ticket, and there are three candidates for the Republican nomination of representative in congress. For this position there is a sharp contest between Messrs. Clarke, Jones and Trull, and on this account largely an unusually large vote in city and congress districts is looked for.

Ira O'Dell Resting Comfortably.

Mrs. A. K. O'Dell of 14½ Broad street received word yesterday that her son, Ira T. O'Dell, formerly of Binghamton, but for the past year a railway postal clerk in the Pennsylvania terminal, New York city, was making a good recovery from the accident he suffered last week. It seems that as Mr. O'Dell was about his duties in the terminal he was struck by an electrical truck used to transport mail to different parts of the building. The young man was bending over to pick up a mail bag and the handle of the truck struck him in the pit of the stomach, rendering him unconscious. He was removed to a hospital, where it was necessary to take 15 stitches to close the wound. Later, he was transferred to his apartment and now is believed to be well on the road to recovery.

JUDGE FINES YOUTH \$30.

Adelbert Hughes in City Court on Charge of Shipping Board Bill.

The heaviest fine for a similar offense that has been imposed in city court for some time past, was levied yesterday on Adelbert Hughes, 19, of Chazyville, who was arrested by Patrolman Crose charged with violating section 925 of the penal law, or skipping his board bill. Acting Judge Hathaway ordered him to pay a fine of \$30 and in imposing sentence stated that in the future any prisoner who was brought before him charged with this offense would in all likelihood be sent to jail. Erasing board bills is becoming an altogether too common crime, the judge said, and the only way to put an end to it is to prosecute the guilty persons to the full extent of the law.

It developed that Hughes came to Oneonta a few weeks ago to take employment and had been staying at the home of Mrs. Govern at 4 Forda avenue, where he ran up a board bill totalling \$15. It is then charged that he suddenly disappeared and neglected the "minor" detail of paying his debts. Mrs. Govern complained to the police and his arrest followed shortly. When taken into custody, he did not have sufficient funds to meet his fine, and he was given a few days to secure the necessary greenbacks.

IN HIS FIRST PASTORATE.

Rev. Dr. Pendleton Delivers Centennial Anniversary Sermon.

Saturday and Sunday of last week were observed as the hundredth anniversary of the founding of the Baptist church at Columbus Quarter. Founded by the pioneers of Chenango county in the second decade of the nineteenth century, it has ever since been a power for good in the community, and alike in membership and as a source of inspiration it has been a wonderful power among the people. The exercises, which were in fitting commemoration, were largely attended on both days, alike by present and former residents, and there were present also four former pastors of the society.

One of these was Rev. Dr. Charles S. Pendleton of Oneonta, who at the morning service on Saturday preached the anniversary sermon of a church in which he began his first settled work in the ministry, and of which he was pastor for seven years before coming to Oneonta. The theme of Dr. Pendleton's sermon was "The Kingdom" which is not of this world and which without observation, but which has effectual development, the assurance of which, and of its ultimate victory, is in the heart. In conclusion, he spoke also of present-day conditions, and developed in a forcible way the thought that the kingdom is not necessarily in numbers or in wealth, which often may be hindrances—but rather in the concerted working together for good of the children of God.

The anniversary exercise continued until Sunday evening, closing with a song service. The former pastors present included Rev. R. A. Gates of Cortland, Rev. L. H. Sprague of Vermont, and Rev. G. N. White of Pennsylvania. The sermon on Sunday morning was by the pastor, Rev. A. H. Ganong.

The former church edifice was struck by lightning and burned in 1885. During Dr. Pendleton's pastorate, he had induced the society to insure the property, and it was from the nucleus thus provided that the society was able to proceed promptly with the erection of the present fine edifice—a fact which was gratefully referred to by several who took part in the exercises. It is a curious coincidence that the present church was struck by lightning about two weeks ago, no great damage, however, being done.

You no doubt are aware that on an average one of every four children has defective eyesight and that 70 per cent of these are backward children.

These figures are the result of many examinations and are considered so vital that in many cases compulsory examination of all school children's eyes are held. The results have proved that 90 per cent of all backward pupils with defective vision begin to show marked improvement when properly fitted with glasses. WITH STRANGE VOCAL POWERS

Oneonta Woman Sings in Contrasting Voices and in Unknown Tongues—Mrs. Rose Helm Deeply Interested in Leading Psychological Investigations of Country.

A recent issue of the New York Journal has an article under a Birmingham headline which will be read with interest in Oneonta, giving as it does the story of one who has long been a resident of this city, and whose personal integrity none who know her will doubt. The article says:

Ability to sing in two contrasting voices at command only when she has subjected herself to what she conceives to be psychic influences, and to sing in languages unknown to her when removed from these influences, today constitutes the claim of Mrs. Rose Helm, of Oneonta, to the interest of the leading psychological investigators of the day.

Mrs. Helm is the widow of Francis Iverson Helm, former well known Oneonta insurance agent, whose death occurred two years ago. Her development of strange vocal powers, credited by her to spirit influences, has been attracting intense interest in this vicinity, although Mrs. Helm has sought to avoid any publicity and has declined to give public demonstrations.

In appearance a brisk, efficient business woman—Mrs. Helm has successfully built up her late husband's insurance business—she has declined all invitations to appear in public. At the request of the Church of the Divine Inspiration at New York, however, she expects to appear there for tests during the present month.

Under the influence of the kind of music which impresses her, Mrs. Helm sings in a phenomenally high voice, reaching G above high C. The other voice is a low contralto.

At one recent demonstration Mrs. Helm learned that she had sung in four different languages.

Mediumistic Powers.

Mrs. Helm is credited with unusual mediumistic powers, in addition to her vocal ability while under spirit guidance. An "impromptu communication" from the spirit of her dead husband was made public today. It throws a new light on many phases of life on "the other side."

The spirit of her husband dictated as follows, Mrs. Helm says: "If you will understand in the earth life a little more about harmony you will find life much more satisfactory in every manner, for the reason that it eliminates all cross roads and unpleasant precipitations. In spirit life, we find things much more real than we ever have known them to be in earth life. There is no destruction in the spirit life. Nothing can be destroyed or changed into the elements as in the earth life.

"I know I hear the thought, 'Do you have food?' Yes, we do have the most beautiful food. We do not require the coarse foods that you do while you have an earthly body. The finer grains, the fruits, the nuts are our main food, especially nuts.

"We are clothed very much as we desire. There are more liberties taken in our life. I enjoy my military uniform. Some wear robes and other drapes. We also have the different nations.

Animals in Spirit World.

"There are animals in the spirit world. There are no wild animals, nor would there be on earth, as it is not natural for the animals to fear, only from the expressions of cruelty and death which have so developed them that prenatal influences have brought about the fear of the animal in the forest.

"I would like to show you the lakes, the beautiful bodies of water we have, so clear that we see to the bottom.

"We have hills and mountains and rivers. We have many resources of amusement, the same as on earth. Dancing, boating, swimming, hockey, golfing and rackets. Everyone seems happy and contented, but anxious for progression.

"Time is not divided. There is no time, all eternity.

"We have wonderful singers. I wish you could hear the great and wonderful choruses."

At this point in the communication a question was interpolated and answered as follows:

"By fasting and trying and listening hard enough, could we bring ourselves to hear these things while still in the earth life?"

"The only way is by taking away all that is in any way material, fasting and keeping your system purged as much as possible. Habits of the highest, and good, clean thoughts—that above all. You cannot think an evil thought of anybody else and be pure yourself."

"You ask if we have houses. Yes, we have gardens, we have cities, we have families."

All Are Cheerful Workers.

"We are cheerful workers. We do not lag. We enjoy our work. We are not looking for 6 o'clock, 12 o'clock or any particular time. Our time is all spent in a way that seems to mean something, not only to us, but also to someone who needs attention."

The death of the late Professor James H. Hyslop, formerly connected with Columbia university, put short his investigation of the mysterious powers possessed by Mrs. Helm.

T. M. C. A. MATTERS.

Deacons Meet Thursday Evening at 7:30—Night Man Begins Duties.

Secretary Lange has issued a call for a meeting of all T. M. C. A. bowlers, to be held in the "Y" on Thursday evening at 7:30 o'clock, to consider plans for this winter's tournament, which it is hoped to make even more popular than last year's. All bowlers are urged to turn out at this meeting. The alleys will open for the first time this season on October 1, but the tournament probably will not begin before a month later.

H. E. Ford, for the present located in Oneonta, has been engaged by the board of directors to act as night man for the accommodation of railroad men who come in late. This added service is made necessary by the increasing demand for accommodations for the night and will be appreciated by the railroad boys. Mr. Ford began his duties last night.

Visits Oneonta Chapter.

R. E. Charles Hammel, Grand Master of the third veil of the state of New York, made an official visit to the Oneonta chapter, No. 277, E. A. M., in the Masonic hall last evening. A delicious supper was served at 6 o'clock by the Eastern Star ladies, after which the degree of Mark Master Mason was conferred on a full class. There were about 60 present.

CITY WATER AID NIGHT.

Report of Analysis Made Recently by Fleischmann's Yeast Co.

All residents of Oneonta will be interested to know that A. E. Nye, the well-known Chestnut street baker, recently sent a sample of city water for analysis to the Fleischmann Yeast company, which employs a corps of expert scientific men for this work. The report received Saturday by Mr. Nye is to the effect that the water contains no deleterious impurities, and that in fact it is far better than that of most cities at the present time.

The unpleasant taste which at intervals has been detected is due to nothing which could in any way unfavorably affect the public health. This report, which was asked by Mr. Nye in connection with his own business, will be a source of satisfaction to our citizens.

With the Twilight League.

Last night's game in the Twilight baseball league between the Reds and the Wanderers was postponed on account of wet grounds. Weather permitting, the game will be played tonight, and the Italian Stars and Shops, who were to have met this evening, will not play until tomorrow.

Credit to Oneonta Police.

A recent issue of the Fremont, Ohio, Daily News contains a half-column article relative to the discovery in Oneonta of a Buick car stolen a year ago from Dr. O. C. Vermilya of the former city, and to the circumstances connected with its return. In its account the News says "Credit for the identification of the car belongs entirely to Chief of Police Horton of Oneonta. During his efforts to break up a gang of auto thieves Ernest Thayer and others were arrested. B. persistent questioning Thayer finally dropped a remark that the car had been stolen from a physician in Fremont. Chief Horton at once got into communication with Fremont with the result that the car was identified."

COLBURN'S

First Annual Apple Exhibit

Week of October 25, 1920

\$65 Sixty-Five Dollars in Gold \$65

Will Be Awarded

In order to prove to the people of Oneonta that as good apples can be grown right here, as in any other section of New York state, we have decided to hold a real APPLE SHOW at our store during the week of October 25th.

The contest will be absolutely free, and open to any genuine farmer—man, woman, boy or girl—in Otsego and Delaware counties. Only one member of each family.

Cash Prizes Will be Given as Follows:

CLASS 1—For the best and most perfect 10 apples, any variety. First prize, \$15.00 in gold. Second prize, \$7.50 in gold. Third prize, \$2.50 in gold.

CLASS 2—For the best and most perfect ten apples, any five varieties, two of a variety. First prize, \$15.00 in gold. Second prize, \$7.50 in gold. Third prize, \$2.50 in gold.

CLASS 3—For the largest and most perfect collection of apples, one of each variety. Prize, \$10.00 in gold.

CLASS 4—For the largest and most perfect apple, any variety. Prize, \$5.00 in gold.

RULES:

This contest will be absolutely free, and that is necessary is to be a farmer, living in Otsego or Delaware county.

Each contestant must call at our store any time before October 9th, and secure an entrance card, which will be furnished free. No cards will be mailed.

All exhibits must be at our store by 10 p. m. Saturday, October 23rd. Apples must be grown on the farm occupied by the exhibitor.

Three competent men from the two counties will be chosen as judges. Their names will be announced later.

Here's your chance to show us what you can do.

BARTER IN AUSTRIA

Medium of Exchange as Paper Crowns Lose Value.

Peasant Demands Something More Valuable Than Paper Currency for His Products.

Vienna.—Only Americans of a generation ago who traded farm products at the crossroads store for everything from shoes to sugar can realize the extent of barter in Austria today.

With the country flooded with cheap money, the peasants' stockings and bank accounts far with currency and legislation suspending for a compulsory levy on fortunes, the paper-crown virtuosity is sprung by those who produce the necessities of life.

For eggs or butter, cheese or white flour, fat geese and ducks, pork products and all the things that the Austrian city dweller must do without, the peasant wants something more valuable than the paper constantly turned out by the Austro-Hungarian banks.

Prodigious offers of crowns fall where a linen shirt, silk stockings (even much darned), rugs, musical instruments, shoes and such things bring results.

The story of how the bourgeoisie and poor nobility of Vienna have parted with their wardrobes and furniture, their pianos and carpets, for food, has been often told. Now everyone is getting back to first principles in trade.

Visiting a retired officer in his little country place the correspondent saw it work. The officer could not pay 500 crowns a pair for gloves for a wife and three daughters. But he had three roebuck hides from the animals he had shot this season. He exchanged them for two dressed hides. The village glover made them into gloves, taking in payment cider, mutton and some veal from the little farm.

Then came the problem of stockings, almost unobtainable in Austria. There were 11 sheep grazing on the place. Sheared they yielded enough wool to exchange for yarn sufficient to knit the family hosiery for the coming winter.

The apple crop of this tiny estate has been mortgaged for grain to a neighbor who has no fruit and the tiller will take his pay in toll.

The host who entertained in the little cottage now his home, filled with American and English periodicals, once trod the quarter deck of his own cruiser. A uniform stripped of ornaments and recut in civilian style is his best suit.

Not Guilty.

Many are obliged to settle with Uncle Sam for profiteering, but we greatly enjoy the distinction of being classed with those who can honestly say, "Not Guilty." When the last great advance in price at the manufacturing centers occurred, we continued selling stock on hand at the old prices and the following names and addresses of people who have made purchases of monumental work in the last four weeks is proof evidence of the public's appreciation.

Farmer, 17 Children. Has Funds in 8 Banks

Sunbury, Pa.—With seventeen children in his family, Delmar F. Campbell, a farmer in Lower Augusta township, Northumberland county, has money in eight banks.

He testified to that amazing fact before Judge Cummings in defense of a suit his wife brought for an accounting of farm income during the last twelve years. He declared under oath that he paid all the taxes on the place, clothed and fed the family and paid for property improvements. Lawyers say the bank deposits total more than \$10,000.

The Campbell's have been married more than thirty years. For several years they have lived in the same house and eaten at the same table, but do not speak.

Husband and wife have each employed high-priced lawyers, and, inasmuch as both sides will have to take their expenses out of the family fund, no matter who wins, both must lose, one of the lawyers said.

Exchange on German Mark Prevents Former Emperor Renting Staff Quarters.

Doorn, Holland.—The former German emperor, William, is greatly worried about the low exchange rate of the German mark. Recently, in hope of securing quarters for some of his staff, he has priced a number of houses in the vicinity of Doorn.

The prices have been quoted in Dutch guildens, but William, reducing everything to marks, has thrown up his hands and called the prices preposterous.

"BABE" RUTH IN "OVER THE FENCE" AT HATHAWAY'S ONEONTA THEATRE TODAY.

The special moving picture show on the bill today at Hathaway's Oneonta theatre, showing Babe Ruth striking out is an added feature with no extra charge.

The film was produced with the Speed-Ovens camera, the shutter of which is so fast that the speediest human motion is deliberate and slow in the eye of its camera.

The pictures are of a game between the Yankees and the Indians. They show Tris Speaker calmly launching a three-bagger. "Wally" Pipp is pictured floating off the ground to get a high one that drifts past about a foot above his reach. The big Babe is struck out in fast fashion.

Babe also bounces out a homer just to make the game go, but he can be seen doing that any day. It's striking him out that puts the pinch in this picture.

Are You Going Picnicking this Week-end?

Remember the last time—how the sandwiches gave out. Don't let it happen again.

Party of wholesome, delicious sandwiches, temptingly made are the essential to any picnic lunch. But there needn't be a sameness to them—oh, dear, no, no.

Something zippy and piquant like these Porto Rico sandwiches. Make a complete feast in themselves.

Porto Rico Sandwich

- 1 slice bacon
- 2 square slices Bread
- 1 ounce Young America Cheese
- 1 small cucumber pickle
- 2 lettuce leaves

Cook bacon until crisp and brown. Remove crusts from Bread, and spread lightly with fat left from cooking bacon. Cover with very thin slices of Young America Cheese, and then with thin round slices of cucumber pickle. On the other slice of Bread place the bacon. Put the two slices together, cut once diagonally, and toast first on one side, then on the other.

If you have a campfire at your picnic, all the better. Toast your sandwiches and serve hot on leaves of lettuce; oh joy!

Of course, to get sandwiches the gods would envy, it is necessary to use delicious Bread; firm and tender and not a bit dry. That's—
